Subject Index

Academic administrator(s), *see* Administrator(s)
Accommodation
  for nursing students with learning disabilities, 149-157
  in qualitative and quantitative research, 188
Accreditation
  of community-based nursing education by Commission on Collegiate Nursing Education, 330-335
Acculturation
  in qualitative and quantitative research, 188
Administrator(s), academic
  transition from nursing faculty to, 112-115
Adolescent risk-taking
  perspective in, through instrument development, 345-353
Adult learning theory
  in on-line RN-to-BSN completion program, 17-18
Advance directive(s)
  educational intervention for, 21-30
Advanced practice nurse(s)
  nurse anesthetist(s)
    influence of age and gender on professional socialization and commitment, 47-56
  nurse practitioner faculty, reality of recertification for, 312
Advanced practice nursing
  assuring quality and access to, 322-329
  certification in, 325-326
    three alternatives for, 326
  proposed Doctor of Nursing Practice (DNP) degree, 322-329
Advocacy, patient professional consequences of whistleblowing by nurses, 313Age influence on nurse anesthetists' professional socialization and career commitment, 47-56
Aging
  of nursing faculty, and impending shortage, 97-103
Alcohol abuse, *see* Substance abuse
American Academy of Nurse Practitioners (AANP)
  certification by, 325
American Association of Colleges of Nursing (AACN)
  position statement
    violence as a public health problem, 63-69
  program on media coverage of nurses and nursing research, 35
  white paper
    distance technology in nursing education, 116-122
American Medical Association (AMA)
  annual health communications program, 36
American Medical Writer's Association (AMWA)
  health communications programs at annual conference, 35-36
American Nurses Association (ANA)
  "RN = Real News" media initiative, 37
  meeting programs on media strategies, 35
American Nurses Credentialing Center (ANCC), 325-326
  recertification for advanced practice nurse faculty, 312
American Organization of Nurse Executives (AONE)
  program on media coverage of nurses and nursing research, 35
American Public Health Association (APHA)
  health communications internships offered by, 36
Americans with Disabilities Act
  supporting nursing students with learning disabilities, 149-157
Anesthetist(s), nurse
  ethnohistory of, 48-49
  influence of age and gender on professional socialization and career commitment, 47-56
Associate degree program(s)
  implications of differences from BSN programs, 255
  on-line RN-to-BSN completion programs for graduate s of, 13-20
Association of Women's Health, Obstetrical, and Neonatal Nurses
  certification by National Credentialing Corporation of, 325
Association(s), nursing
  reasons for serving as president of, 131
Australia
  ICN and international regulation of specialist nurses in, 210-218
    education of, 212-213
    international definition of, 213-215
    levels of nursing education in, 216-217
    minimum credentials, 215-216
    proliferation of, 211-212
    role of, 212
Authorship
  student-faculty joint, ethical and legal concerns, 219-227
  see also Writing

Baccalaureate degree program(s)
  emphasis courses to prepare for transition to workforce, 300-306
  implications of differences from associate RN programs, 255
  leadership content in, 72
  on-line RN-to-BSN completion programs, 13-20
  semester abroad program in Mexico for senior students, 293-299
  service learning in, 177-183
Benchmarking
  in responsibility-centered management, 201-209
Business officer(s)
  role in responsibility-centered management of school of nursing, 201-209

Capstone project
  service learning in, 181

Career commitment
influence of age and gender on nurse anesthetists', 47-56
Career development
becoming an academic administrator, 112-115
health communications, opportunities for nurses in, 36-37
of new faculty, 104-111
Career mobility
on-line completion programs for RN-to-BSN education, 13=2-
Career preparation
in doctoral nursing programs, 199-200
Caring ability
of students and graduates, related to professional school climate, 76-83
Carnegie classification
of nursing doctoral degree programs, 286
Case management practice
college-run, 187
CD-ROM, interactive
educational intervention for advanced directives, 21-30
Certificate program(s)
in health communications, 34
Certified registered nurse anesthetist(s), *see* Anesthetist(s), nurse
Chairs, endowed
in schools of nursing (1999 update), 57-62
Change, in health care
creating safer health care systems, 310
in public health nursing, nurses' orientations to, 336-344
constructive opposition, 341-342
critical approval, 337-338
insidious assimilation, 338-339
judicious circumvention, 340-341
visionary transformation, 342-344
wounded acquiescence, 339-340
reflections on, 256
Charitable giving
by nurses (Editorial), 307
Chief financial officer
in responsibility-centered management of schools of nursing, 207
Children
health insurance for, call for nurse participation, 73
Cigarettes, *see* Substance abuse
Climate, school
relationship to student and graduate caring ability, 76-83
Climate, workplace
role of in nurses' interest in union representation, 92-96
Clinical courses
emphasis courses to prepare for transition to workforce, 300-306
Clinical practice
nurses' lived experience of being a preceptor, 228-239
Clinical research
in doctoral nursing education, 193
Collaboration
interdisciplinary team model for substance abuse prevention in communities, 158-168
Collaborative research utilization model
to evaluate effects of pain management standards, 240-250
Collective bargaining
role of workplace climate in nurses' interest in union representation, 92-96
College(s), *see* School(s) of nursing
Commission on Collegiate Nursing Education (CCNE)
community-based nursing education and nursing accreditation by, 330-335
Communications, health
integration of into nursing curriculum, 31-38
alternative learning opportunities in, 34-36
certificate programs in, 34
definition of, 32
design of programs in, 33-34
elective courses in, 33-34
employment opportunities in, 36-37
graduate programs in, 34
historical efforts toward, 32-33
invisibility of nursing in media and, 31-32
media initiatives, 37
Community based nursing education
and accreditation by Commission on Collegiate Nursing Education, 330-335
Community organization(s)
partnerships with nursing schools for substance abuse prevention, 158-168
Competence, cultural
in nursing education, 5
Competencies, nursing
nursing's epistemology and professional education, 39-46
Completion programs, RN-to-BSN
implementing Web-based, 273-281
faculty development needs, 275-278
project outcomes, 280-281
student development needs, 279-280
on-line program for, 13-20
Computers in nursing
educational intervention for advanced directives, 21-30
Internet uses in nursing, 130
Internet vs. lecture instructional methods for teaching nursing research, 132-139
online RN-to-BSN completion programs, 13-20
Confidentiality
IRB-identified ethical issues in nursing research, 140-148
Contract law
in higher education, 270-271
Copyright issues
in student-faculty joint authorship, 222-225
derivative works based on student's work, 223-224
joint authorship defined, 223
joint derivative work, 224-225
legal remedies for infringement, 225
original works, 223
requirements for protection, 223

Critical thinking
in scholarly writing, 6-12
Cultural competence
in interdisciplinary team model for substance abuse prevention in communities, 158-168
patterns of knowing in, 129
teaching of, in nursing education, 5
Curriculum, nursing
content of master's level nursing theory courses, 354-361
emphasis courses to prepare for transition to workforce, 300-306
integration of health communications into, 31-38
leadership content in, 72
service learning in, 177-183

Dean(s)
role in responsibility-centered management of school of nursing, 201-209
Diagnosis, nursing
most commonly used medical diagnoses, nursing interventions, and, in home health care, 84-91
Diploma nursing program(s)
on-line RN-to-BSN completion programs for graduates of, 13-20
Disabilities
learning, supporting nursing students with, 149-157
classroom modifications for, 154-155
clinical modifications for, 155
definitions and types of, 149-151
interventions for, 151-153
legal requirements, 154
NCLEX modifications for, 155-156
proactive faculty techniques, 150
supportive services, 153-156
Distance technology
how far can we go (Editorial), 185-186
implementing Web-based RN-to-BSN completion program, 273-281
faculty development needs, 275-279
project outcomes, 280-281
student development needs, 279-280
in nursing education (AACN white paper), 116-122
definitions, 116
effect on quality and cost, 118
financial aid and, 118-119
guidelines for use of, 121-122
influence on higher education, 117-118
intellectual property and copyright in, 118
issues to address, 119-120
Distributed education
on-line RN-to-BSN completion programs, 13-20
Diversity
gender, men in nursing (Editorial), 253-254
in nursing education
cultural competence in, 5
patterns of knowing for, 129
Doctoral degree program(s)
characteristics of, in the United States, 282-292
admission requirements, 285
age of the program, 286
Carnegie classification, 286
curriculum, 285, 286
degree awarded, 286-287
dissertation, 285
distance education options, 285
listing of programs, 288-290
location, 287
other requirements, 285-286
current strengths and limitations of, 191-200
career preparation, 199-200
clinical research, 193
faculty quality, 196-197
GRE scores, 195-196
part-time study, 196
program of study quality, 198-199
research quality, 197
self-scrutiny, 193-194
student quality, 195
proposed Doctor of Nursing Practice degree (DNP), 322-329
as mission for nurse educators, 325
certification in advanced practice, 325-326
doctoral education in nursing, 327
growth in nurse practitioner programs and graduations, 324
preparation for, 327-328
regulatory authority and reimbursement for nurse practitioners, 324-325
three alternatives for advanced credentialing, 326
shortage of doctorally prepared faculty, 3
Doctorate of Nursing Practice degree (DNP)
proposed, to assure quality and access in advanced practice nursing, 322-329
as mission for nurse educators, 325
certification in advanced practice, 325-326
doctoral education in nursing, 327
growth in nurse practitioner programs and graduations, 324
preparation for, 327-328
regulatory authority and reimbursement for nurse practitioners, 324-325
three alternatives for advanced credentialing, 326
Domestic violence
as a public health problem (AACN position statement), 63-69
Drug abuse, *see* Substance abuse

Economic modeling
responsibility-centered management, for nursing school within university, 201-209
Education, nursing
adjusting nursing programs to meet changing student needs, 128
becoming an academic administrator, 112-115
community-based, and nursing accreditation by Commission on Collegiate Nursing Education, 330-335
distance technology in (AACN white paper), 116-122, 185-186 (Editorial)

diversity in
patterns of knowing in, 129
teaching cultural competence in, 5
doctoral
characteristics of in U.S. programs, 282-292 current strengths and weaknesses of, 191-200 proposed Doctor of Nursing Practice (DNP) degree, 322-329
